**Subject:** summary of Preamble comments

Hi all,  
About a month or so ago when we were talking about whether the new Preamble should be inserted into various draft assessments, we also decided it would be a good idea to have a summary of all Preamble comments received to date. Here's that compilation, generated with help from Swati. I think it's comprehensive. Here's where we looked (see table below). Let me know if you have any questions.
